REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The rejections set forth in the office action of record were withdrawn in view of the Declaration under 37 CFR 1.132 on January 1, 2004 which show the difference between the non-photosensitive fatty acid silver salt grains made by the claimed process and the process taught in the applied prior art of record, and the superior results thereof over that of the prior art. Accordingly, the invention as claimed is patentable distinct over the teaching of the applied prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
